Do you request our drivers to enter your property to retrieve your garbage can(s) or bag(s)?

\_\_\_\_\_ **Yes**, your driver may come onto my property. I understand that the trash must be bagged, in an easily accessible location. I will ensure the area being accessed be kept clear of vehicles, low hanging branches and wide enough to accommodate your trucks. Private gates will be left open or the current code will be given. If my non-curbside arrangement includes walking access, I will use garbage cans or carts with wheels.
