We hope you will be pleased with the 64-Gallon "WASTE WHEELER" we are entrusting to your care. Our nominal rental fee of \$5.00 per month will be included in your bill until such time as the cart is returned in satisfactory condition to PFI. Carts remain the property of PFI Rubbish Service.

In consideration of receiving our cart(s) in good condition, we ask the following:

- That care be taken to avoid loss, theft or damage of the cart, as you would be responsible for the \$60.00 replacement cost. Please remove cart from curbside area after it has been emptied, and store it in a safe place.
- That reasonable care be taken to avoid damage to the wheels, handle, sides, cover or surface. Please do not store anything on TOP of the cart.
- That the cart be used only for normal household trash or yard trimmings.
- That individual trash bags be used within the cart so that loose debris will not be blown around the neighborhood when the cart is emptied. In other words, please put rubbish in bags, and then put the bags in the cart.
- Please DO NOT use the cart for gasoline, paints, solvents, sod, rocks, dirt, concrete, hot ashes or briquettes, or environmentally hazardous wastes.

Many thanks for your consideration and cooperation. Please sign below to acknowledge receipt of cart and these instructions.
